Osprey Landing at Cape May Marine is everything living at the shore is supposed to be. This \$2.2 million four-story luxury townhome with deep-water dockage overlooks the harbor and the unspoiled wetlands where wildlife flourishes and the day is marked with spectacular sunrises and sunsets. For the boater or nature lover, or those whose ideal of the perfect life begins harborside, this is the location. The Designer Show House at Osprey Landing coincides with Cape May Harbor's centennial and this celebration, as well as the home's unique character, is reflected and interpreted by well-known area designers.
